

# I Feel Sexy Again!

“My confidence is back, I have energy again and I feel great!”

## **Shannon lost 20 pounds**

“I started Slim4Life to support my mother and in addition learn healthier eating habits for myself. I was beginning to see the weight gain on myself that runs in my family and I wanted to get a handle on it. Everything I tried to lose weight was only putting the pounds back on. I didn't like myself or how I looked. I hated shopping for clothes and going out. Joining Slim4Life has been life changing. The results my mother and I experienced were incredible! My self confidence is back and I feel that I look GREAT! I have energy again. The support from the counseling staff is wonderful. They keep you motivated and on track. This program works! Thanks a million Slim4Life!”
